About Us

Established in 2013 and located on Jalan Raya Taman, Sepanjang, Sidoarjo; Goshen Power started out as a child company which branched in the electrical power provider industry.

Our bussiness model is based on the most fundamental trait of civilization: growth. As one of the largest developing country in the world, Indonesia needs energy. A lot of it. And Goshen Power is here to provide energy which utilizes diesel engine power.

Wide Array of Industry Application

One stop solution for all your diesel based power need

At Goshen Power we strive to fulfill all our client needs of diesel based electrical power. We sell well known brand genset, we do genset rental with capacity of 20-1500 kva nation wide around indonesia, we have PowerCare plan in the maintenance department, and we provide genset spareparts. In short we want our clients to have diesel based electrical power without all the hassle that usually comes with it.

PowerCare Maintenance Plan

As a power back up unit genset is often neglected in maintenance department. The result is often time when genset is needed it can not function properly or even fail to start at all. Our PowerCare plan is here to prevent that from happening. Regular inspection and engine exercise ensure genset will start smooth and function properly. PowerCare plan also comes with free genset rental that can be used not only for back up but for other purposes as well.

Well Known Brands For Well Known Quality

As a direct importer we can ensure direct support from the manufacturers and reasonable pricing solutions for our clients. Over the year we have found some brands that guarantee quality in their name.

Caterpillar	**Scania**
Perkins	**Isuzu**
Cummins	**Fawde**
Doosan	**GoPower**
Deutz	

We only trust names that have already proven their quality and toughness in the field. And as a genset rental company we have tried and tested hundreds of gensets to arrive at this conclusion.

When it comes to rental power, we understand your needs

Whenever and wherever you need rental power, we are ready to serve you.

The customer and clients who have used our services always come back for more. For good reasons.

We understand the rental power business and can deliver whatever capacity, whenever, and wherever you need it, around Indonesia.
